

# LYNG GROUP

LYNG GRUPPEN AS is the parent company of the Lyng Group.

## BUILDING VALUE THROUGH PARTNERSHIPS

Most of the companies in the group are today partnerships with other successful people and companies in our sectors of operation.

## FROM GOOD IDEAS TO QUALITY PRODUCTS

Our history of new businesses is a long line of innovation and creativity within our own organisation, or partnering with other innovative people. Diversification rather than single focus has been our culture.

Our business today spans from manufacturing industries and water desalination to real estate and tourism.
